

Curriculum vitae

Contact informations

Name: *Sladana*
Surname: *Gvozdenović*
Address: *Dubovica 2 B7/1, 85310 Budva, Montenegro*
Phone number: +38269 286 485
E-mail address: [*sladjanag@ac.me*](mailto:sladjanag@ac.me)

Personal informations

Date of birth: 17.06.1987. year
Place of birth: *Cetinje*
Country of birth: *Montenegro*
Citizenship: *Montenegrin*

Education

- *High school „Danilo Kiš“ – Budva, June 2006. year*
- *Faculty of Natural Sciences, study program Biology, Podgorica; Degree of Bachelor Biology (BSc), June 2009. year*

- *Faculty of Natural Sciences, study program Biology, Podgorica; Degree of Specialist Ecology (Spec.Sci), title of specialist thesis: „Using of the Touchdown PCR methodology in ecological research (exemplar – genus Rutilus Rafinesque, 1820)“, September 2010. year*
- *Faculty of Natural Science, study program Biology, Podgorica; Degree of Master Ecology (MSc), title of master thesis: „Morphological variability and population-ecological characteristics of the Dice snake (Natrix tessellata) from Skadar lake“, July 2013. year*
- *Faculty of Natural Science, study program Biology, Podgorica; enrolled doctoral studies in 2014/2015 year*

Work experience

- *Finished one year of apprenticeship on Institute of Marine Biology in Kotor (10.09.2012 – 10.09.2013)*
- *From 25.08.2014. year until 15.10.2014. year I had service contract with Institute of Marine Biology, and I was working as an expert in area of Marine Biology, on the vessel „M/V Franklin“*

Projects

- *Participant on the project (exchange student) „Systematic and Molecular genetic assessment of Aquatic Biodiversity in Montenegro I“ – coordinator Prof. dr Vladimir Pešić (Faculty of Natural Science – Biology, Podgorica) on Institute for Zoology, Graz (KARL-FRANZENS-UNIVERSITÄT GRAZ – Institut für Zoologie) 2009. year.*

- *Participant on the project (exchange student) „Systematic and Molecular genetic assessment of Aquatic Biodiversity in Montenegro II“ – coordinator Doc dr Danilo Mrdak (Faculty of Natural Science – Biology, Podgorica) on Institute for Zoology, Graz (KARL-FRANZENS-UNIVERSITÄT GRAZ – Institut für Zoologie) 2010. year.*
- *Participant on the project „Cheking the distribution and populations’ status of the highly endangered Balkan Terrapin (Mauremys rivulata) in Montenegro“ – coordinator mr Vuk Iković (NGO „Montenegrin Ecologists Society“) 2013. year. Project is funded by the Rufford foundation.*
- *Participant on the project „Research, Conservation and Promotion of the Endemic Balkan Rock Lizards (Dinarolacerta spp.) in Montenegro“ – coordinator dr Katarina Ljubisavljević (NGO „Montenegrin Ecologists Society“) 2014. year. Project is funded by the Rufford foundation.*
- *Participant on the project „The olm (Proteus anguinus) in Croatia, Bosnia and Herzegovina and Montenegro – protection plan“. Project implemented by NGO Croatian herpetological society „Hyla“ in cooperation with NGO Bosnian and Herzegovinian herpetological society „Atra“ and NGO „Montenegrin Ecologists Society“. Project is funded by the Mava foundation.*
- *Participant on the project „Distribution and Treats to European pond turtle (Emys orbicularis) at Zeta and Bjelopavlići Plain at Montenegro“ – coordinator dipl. biol Ana Vujović (NGO „Natural History Association of Montenegro“) 2014. year. Project is funded by the Rufford foundation.*

Special skills

- *Languages*
English language – degree B₂

- *Computer programs*
Microsoft Office
Internet

More

- *Member and founder of NGO „Montenegrin Ecologists Society“*
- *Participant of a herpetology field on the island „Golem Grad“ (Prespa lake – FYR Macedonia), May and August 2011. year*
- *Participant of a herpetology field on the mountain „Velebit“ (Paklenica, Croatia), as a part of project „Protection of Meadow viper, Vipera ursinii“, July 2012. year*
- *Scuba diving course, October 2012. year*
- *Participant of the workshop about regional protection of Western caspian turtle in the wider area of Western Balkans. The workshop was part of project „Population research of Western caspian turtle, Mauremys rivulata“, and it was organized by NGO „Hyla“, May 2013. year*
- *Participant of the workshop „Workshop on Fisheries Management Plans According to EAF“ in Rome, which was part of MedSea LME project „Promotion of the sustainable use of fisheries resources in the Mediterranean through the application of the Ecosystem Approach to Fisheries“, June 2013. year*
- *Participant of a marine field on the vessel „Dallaporta“ in south Adriatic (Montenegro, Albania, Italy), which was part of the AdriaMed project „Scientific Cooperation to Support Responsible Fisheries in the Adriatic Sea“, activities were about estimation of pelagic resources, Jule – August 2013. year*

- *Passed course about ecological monitoring in marine protected areas (Mediterranean training session on ecological monitoring in MPAs), CIMAR - Santa Pola (Alicante, Spain), September 2013. year*
- *Passed driving course – category B, October 2013. year*
- *Participant of the workshop „EU and Montenegro – legislation in area of environment and its application in practise“. The workshop was part of the project „Advocacy NGOs networks for sustainable use of energy and natural resources in the Western Balkans and Turkey – ETNAR“, organized by NGO „Green Home“, November 2013. year*
- *Participant of the workshop „Successful planning and management of public campaigns in area of environment“. The workshop was part of the project „Advocacy NGOs networks for sustainable use of energy and natural resources in the Western Balkans and Turkey – ETNAR“, organized by NGO „Green Home“, April 2014. year*
- *Participant of the workshop „Monitoring, protection and management of birds in protected marshes of Bosnia and Herzegovina and Montenegro“. The workshop was part of project „Bird species protection in Balkans – ORNIBA“, organized by NGO „Center for protection and research of birds of Montenegro“, February 2014. year*
- *Participant of the workshop „Sustainable management of protected areas in Montenegro and Bosnia and Herzegovina“. The workshop was part of the project „Bird species protection in Balkans – ORNIBA“, organized by NGO „Center for protection and research of birds of Montenegro“, April 2014. year*
- *Participant of a marine field on the vessel „Dallaporta“ in South Adriatic (Montenegro, Albania, Italy) which was part of the AdriaMed project „Scientific Cooperation to Support Responsible Fisheries in the Adriatic Sea“, activities were about estimation of pelagic resources, Jule – August 2014. year*

- *Since 25.08.2014 until 15.10.2014 year participant on marine field on vessel „M/V Franklin“ (Faroe islands). Field was about geophysical and geotechnical investigations for the purpose of characterizing natural features along the southern route laying undersea cable, and it was organized by Norwegian company „Nexsans“*

Research papers

- *Ajtić, R., Tomović, Lj., Sterijovski, B., Crnobrnja-Isalović, J., Djordjević, S., Djurakić, M., Golubović, A., Simović, A., Arsovski, D., Anđelković, M., Krstić, M., Šukalo, G., **Gvozdenović, S.**, Aïdam, A., Micheli, C.L., Ballouard, J-M., Bonnet, X. (2013): *Unexpected Life History Traits in a Very Dense Population of Dice Snakes*, *Zoologischer Anzeiger. A Journal of Comparative Zoology*, 252: 350-358*
